SDL means SDL Limited and its subsidiaries and affiliates. All intellectual property rights contained herein are the sole and exclusive rights of SDL. All references to SDL shall mean SDL Limited and its subsidiaries and affiliates details of which can be obtained upon written request.

All rights reserved. Unless explicitly stated otherwise, all intellectual property rights including those in copyright in the content of this website and documentation are owned by or controlled for these purposes by SDL. Except as otherwise expressly permitted hereunder or in accordance with copyright legislation, the content of this site, and/or the documentation may not be copied, reproduced, republished, downloaded, posted, broadcast or transmitted in any way without the express written permission of SDL.

MultiTerm is a registered trademark of SDL. All other trademarks are the property of their respective owners. The names of other companies and products mentioned herein may be the trademarks of their respective owners. Unless stated to the contrary, no association with any other company or product is intended or should be inferred.

This product may include open source or similar third-party software, details of which can be found by clicking the following link: *"Acknowledgments"* on page 3.

Although RWS Group takes all reasonable measures to provide accurate and comprehensive information about the product, this information is provided as-is and all warranties, conditions or other terms concerning the documentation whether express or implied by statute, common law or otherwise (including those relating to satisfactory quality and fitness for purposes) are excluded to the extent permitted by law.

To the maximum extent permitted by law, RWS Group shall not be liable in contract, tort (including negligence or breach of statutory duty) or otherwise for any loss, injury, claim liability or damage of any kind or arising out of, or in connection with, the use or performance of the Software Documentation even if such losses and/or damages were foreseen, foreseeable or known, for: (a) loss of, damage to or corruption of data, (b) economic loss, (c) loss of actual or anticipated profits, (d) loss of business revenue, (e) loss of anticipated savings, (f) loss of business, (g) loss of opportunity, (h) loss of goodwill, or (i) any indirect, special, incidental or consequential loss or damage howsoever caused.

All Third Party Software is licensed "as is." Licensor makes no warranties, express, implied, statutory or otherwise with respect to the Third Party Software, and expressly disclaims all implied warranties of non-infringement, merchantability and fitness for a particular purpose. **In no event will Licensor be liable for any damages, including loss of data, lost profits, cost of cover or other special, incidental, consequential, direct, actual, general or indirect damages arising from the use of the Third Party Software or accompanying materials, however caused and on any theory of liability. This limitation will apply even if Licensor has been advised of the possibility of such damage. The parties acknowledge that this is a reasonable allocation of risk.**

Information in this documentation, including any URL and other Internet website references, is subject to change without notice. Without limiting the rights under copyright, no part of this may be reproduced, stored in or introduced into a retrieval system, or transmitted in any form or by any means (electronic, mechanical, photocopying, recording, or otherwise), or

for any purpose, without the express written permission of RWS Group.

Deploying MultiTerm Widget

As a System Administrator, you can deploy your MultiTerm Widget configuration settings to multiple users in your organization so that the entire team uses the same settings for MultiTerm Widget.

Procedure

1. Install MultiTerm Widget on a test machine.
2. Connect to the MultiTerm servers you want to include in your standard configuration and select your required termbases. You can also specify now the default number of displayed results, the shortcut keys and the default indexes.
3. Close the Widget.
4. Install the Widget on all required machines.
5. For each user, copy the **WidgetSettings.xml** file and the credentials files in their Windows User profile:
 - The **WidgetSettings.xml** file is located in `%appdata%\Trados\MultiTerm\MultiTerm17\WidgetSettings.xml`
 - The credentials files for each server you connected to in step 1 are named using the server name and are located in `%appdata%\SDL\Platform\Identity\Sdl.MultiTermWidget.exe\SdlIdentityCredentials`

MultiTerm Widget picks up your configuration settings the next time your team members open the widget.

2

Acknowledgments

MultiTerm includes open source or similar third-party software.
